DETERMINATION OF NONSIGNIFICANCE (DNS) – SWCAA 24-021

Description of proposal:

ADP Application CL-3262: Replacement of one existing plate cutting machine (Peddinghaus FDB 1500) with a new plate cutting machine (Peddinghaus FDB 2500) of similar configuration and operation a new portable dust collector. The replacement plate cutting machine will be installed in the same location as the existing unit. The dust collector in service with the replaced plate cutting machine will be maintained at the facility as a portable unit. The project will not alter current use or method of operation at the facility. Impact to all media other than air will be consistent with current operations. Air emissions from affected operations will be controlled with process enclosure and high efficiency filtration.
