

**State Environmental Policy Act
DETERMINATION OF NONSIGNIFICANCE (DNS) – SWCAA 24-033**

Description of proposal:

ADP Application CO-1100: The proponent has requested approval to produce additional wood treatment products at an existing facility. The only physical modifications are the connection of several tanks to the existing scrubber system. At the emission levels proposed, this equipment does not have a significant adverse impact on ambient air quality. This permitting action is not expected to have any effect on traffic, noise, glare, housing, or recreation opportunities.

Proponent:

Lonza – Arch Wood Protection (Nikita Nesterov)

Location of proposal, including street address if any:

532 Hendrickson Drive
Kalama, WA 98625

Lead agency: Southwest Clean Air Agency

The lead agency for this proposal has determined that it does not have a probable significant impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21C.030(2)(c). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. This information is available to the public on request.

- There is no comment period for this DNS.**
- This DNS is issued under WAC 197-11-340(2); the lead agency will not act on this proposal for 15 days from the date below. Comments must be submitted by _____.**
