
State Environmental Policy Act
DETERMINATION OF SEPA EXEMPT - SWCAA 24-044

Description of proposal:

ADP Application CL-3275: The proponent has requested approval to increase gasoline throughput at an existing gas station. No material changes to the facility are proposed, and this level of activity is consistent with the original SEPA review. This permitting action is not expected to have any impact on any other element of the environment including noise, glare, housing, or recreation opportunities.

Proponent:

Space Age Fuel No. 201

Location of proposal, including street address if any:

1108 SW 40th Street, Battle Ground, WA 98606

Lead agency: Southwest Clean Air Agency

The lead agency for this proposal has determined that the proposed project is exempt from SEPA under WAC 197-11-800(3) as follows: "The repair, remodeling, maintenance, or minor alteration of existing private or public structures, facilities or equipment, including utilities, recreation, and transportation facilities involving no material expansions or changes in use beyond that previously existing;" The proposed project is identified as maintenance of existing equipment and as such it does not have a probable significant impact on the environment. Neither an environmental checklist nor an environmental impact statement (EIS) is required under RCW 43.21C.030(2)(c). This decision was made by the lead agency after review of the proponent's proposal and the information on file with the lead agency. This information is available to the public on request.

This project/permitting action by SWCAA is SEPA exempt.
