

**State Environmental Policy Act**

**DETERMINATION OF NONSIGNIFICANCE (DNS) – SWCAA 25-010**

**Description of proposal:**

ADP Application CL-3285: The proponent has applied for a permit to operate an existing rotary converting platform and corona treater. The new equipment will produce emissions of ozone. At the emission levels proposed, this equipment will not have a significant adverse impact on ambient air quality. This permitting action is not expected to have any effect on traffic, noise, glare, housing, or recreation opportunities.

**Proponent:**

H B Fuller – (Jeff Stalcup)

**Location of proposal, including street address if any:**

417 NW 136th Street  
Vancouver, Washington 98685

**Lead agency:** Southwest Clean Air Agency

The lead agency for this proposal has determined that it does not have a probable significant impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21C.030(2)(c). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. This information is available to the public on request.

- There is no comment period for this DNS.
- This DNS is issued under WAC 197-11-340(2); the lead agency will not act on this proposal for 15 days from the date below. Comments must be submitted by \_\_\_\_\_.
