DETERMINATION OF NONSIGNIFICANCE (DNS) – SWCAA 25-014

Description of proposal:

ADP Application CL-3291: Relocation of existing abrasive blasting activities. The new location will employ a fully enclosed blast booth and dedicated dust collector. The proposed project will not involve the construction of any structures or roads. At the emission levels proposed, abrasive blasting activities are not expected to have a significant adverse impact on ambient air quality. Impact on other media is expected to be minimal and consistent with current use.

Proponent: Fabrication Products, Inc. (Gregory Sword, Vice President)

Location of proposal, including street address if any:

4220 NE Minnehaha Street in Vancouver, Washington 98661

Lead agency: Southwest Clean Air Agency

The lead agency for this proposal has determined that it does not have a probable significant impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21C.030(2)(c). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. This information is available to the public on request.
